Introduction

The City of Alexandria FY 2015 Action Plan serves as the application for the Federal Fiscal Year (FFY) 2014 allocations of federal Community Development Block Grant (CDBG) and HOME Investment Partnership funds. The FY 2015 Action Plan covers the period beginning July 1, 2014 to June 30, 2015. It describes how City programs and activities will be carried out to promote the fifth and final year of the City's FY 2011- 2015 Consolidated Plan goals, as well as how federal, state, City, and private funds will be allocated to address the housing and community development needs of the low- to moderate-income populations, homeless and special needs populations, and any target areas the City has identified.

The U.S. Department of Housing and Urban Development (HUD) requires entitlement grantees to submit an Annual Action Plan as a condition of the receipt of funding under the federal Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), Housing Opportunities for Persons with AIDS (HOPWA), and Emergency Solution Grant (ESG).

The City is an entitlement grantee under the CDBG and HOME programs, but not under the ESG and HOPWA programs. However, the City and local nonprofits receive ESG funds through the Commonwealth of Virginia's allocation and HOPWA funds from a HUD allocation to the entire Washington, DC Metropolitan area.

Housing Master Plan

On December 14, 2013, the City of Alexandria City Council approved the City's first Housing Master. The Housing Master Plan is developed to guide future development and preservation of affordable and workforce housing in Alexandria. The Plan offers principals, goals, strategies, tools, and potentially funding resources, to meet Alexandria's anticipated affordable housing needs over the next 20 years.

Section 1

City FY 2015 Action Plan Overview

Section 1 provides information regarding the Action Plan’s format, priority levels assigned to housing and homeless services activities, the Action Plan planning process, citizen participation in the Plan’s development, geographic areas to be served by CDBG and HOME programs, income level limits for CDBG and HOME programs, and HUD’s CDP outcome performance measurement system.

1.1 Action Plan Report Format

The One-Year Action Plan consists of the following sections:

- ◆ **Section 2, “Housing Programs and Services to be Undertaken During City FY 2015,”** identifies the City’s priorities for City FY 2015 with respect to housing-related activities for renters, homeowners, homebuyers, homeless persons and persons with special needs; describes the pertinent programs and services to be provided in the Alexandria community during the City FY 2015 Action Plan period; and provides an estimate of federal, state, local, and private resources expected to be available and committed during that time.
- ◆ **Section 3, “Non-Housing Community Development Programs and Services,”** describes pertinent community and economic development programs and services to be undertaken by the City during the City FY 2015 Action Plan period.
- ◆ **Section 4, “Other Activities to be Undertaken,”** describes the City’s actions to address issues of particular interest to HUD, including poverty, barriers to affordable housing, fair housing, the effects of lead-based paint, and the coordination of services between public and private agencies providing housing and social services to low- and moderate-income persons.
- ◆ **Section 5,** serves as the City’s application for Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Program funds, and sets forth the City’s proposed uses for an estimated \$722,919 in Federal FY 2014 CDBG funds and an estimated \$388,225 in new HOME Program funding.

1.2 Priority Levels and Strategies

As part of the Consolidated Plan, HUD requires that priority levels be assigned to housing and homeless services activities and needs groups according to HUD-established definitions. The priority levels assigned by the City in its FY 2011-2015 Consolidated Plan to the different housing and homeless services activities and needs groups are identified in Appendix II.

1.3 Lead Agency and Consultation with Other Entities in the Development of the Action Plan

The Office of Housing is the lead agency responsible for overseeing the development of the City’s Consolidated Plan, Action Plan, and Consolidated Annual Performance Evaluation Report (CAPER). Throughout the planning process, the City consults with many entities, including the Continuum of Care group, which is the Partnership to Prevent and End Homelessness in the City of Alexandria (The Partnership); public and private agencies that address housing, health, social services, employment, or education needs of low-income individuals and families, homeless individuals and families, youth and/or persons with special needs; persons with HIV/AIDS and their families; persons affected by mental illness, intellectual disabilities and substance use disorders; and the Alexandria Redevelopment and Housing Authority (ARHA).

The full list of major public and private agencies responsible for administering programs covered by the Plan includes the following:

City of Alexandria:

- < *Department of Code Administration*
- < *Health Department*
- < *Department of Community and Human Services*
- < *Department of Planning and Zoning*
- < *Department of Finance*
- < *Office of Management and Budget*
- < *Police Department*
- < *Department of Real Estate Assessments*
- < *Department of Recreation, Parks and Cultural Activities*
- < *Department of Transportation and Environmental Services*
- < *Community Services Board*

Other Agencies:

- < *Alexandria Economic Development Partnership*
- < *Alexandria Redevelopment and Housing Authority*

1.4 Citizen Participation Process

The City of Alexandria’s Citizen Participation Plan, most recently amended in 2009, is designed to ensure that Alexandria residents, particularly low-income persons, have an understanding of their role in the development, implementation, and assessment of housing and community development activities, and encourage their participation in the development of the Consolidated Plans, Action Plans, CAPERs, and program amendments.

During the fall, the City sponsors a public hearing to obtain citizens’ input on the development of the upcoming Action Plan. During the early spring, the draft Plan is made available for the HUD-required 30-day public comment period and can be reviewed on the City’s website at alexandriava.gov/Housing and at four public libraries. The City also provides a public hearing notice along with the Citizen Summary to its interested parties list, which includes The City of Alexandria Partnership to Prevent and End Homelessness (The Partnership), organizations, agencies, and public and private entities, to obtain input on the development of the Action Plan. Approximately two to three weeks later, a second public hearing is conducted by the Alexandria City Council. Announcements of public hearings and the availability of the Plan are published in two local area newspapers, one in English and one in Spanish.

Groups, agencies, organizations, and others who participate in the development of the Plan are identified under “Lead Agency and Consultation with Other Entities in the Development of the Plan” in Section 1.3. Consultation with these entities include priority projects that address the needs of extremely low- to moderate-income households and special needs populations in the area of affordable housing and community development, homeless persons, and non-homeless persons.

1.5 CDBG/HOME and Areas of Minority Concentration

Unless otherwise indicated in the Action Plan, the geographic area to be served by programs supported with CDBG and HOME funds during City FY 2015 will be the entire City of Alexandria, which includes areas of minority concentration (see Figures 2, 3 and 4 below). While CDBG- and HOME-funded programs are not specifically targeted on a geographic basis according to minority concentration, minorities have always constituted the majority of the beneficiaries of activities supported with such monies. As indicated in the most recent Consolidated Annual Performance and Evaluation Report (CAPER), minorities constituted 83% of the City's CDBG and HOME beneficiaries for the program year ending June 30, 2013. Staff anticipates that minority persons or households will continue to constitute the majority of CDBG and HOME program beneficiaries during City FY 2015.

1.6 Income Limits for CDBG and HOME-Funded Activities

The income limits for the CDBG and HOME programs are the HUD-established low-income limits for the Section 8 Program, which for a family of four are set at the national median income (currently \$68,500). HUD gave jurisdictions in the Washington Metropolitan area the option of increasing the eligibility limits for the CDBG and HOME programs from the HUD moderate income limit (locally referred to as “HUD 80% of median” but capped in high cost areas, such as the Washington DC Metropolitan Statistical Area at the national median income) to the mathematical 80% of area median (\$85,600) for a family of four as of December 18, 2013.

As a recommendation from the Affordable Housing Initiatives Work Group, the City chose to exercise this option for the Flexible Homeownership Assistance Program. The current income limits in each HUD category (i.e., extremely low income, low income, and moderate income, etc.), and the mathematical 80% category (Flexible Homeownership Assistance Program limits only) are provided in the Table A, which follows. Beneficiaries of programs and services funded through the CDBG and HOME programs must meet these income limits as updated by HUD each year.

TABLE A								
2014 Income Limits (Effective December 18, 2013)								
Income Category	Number of Persons							
	1	2	3	4	5	6	7	8
Extremely Low (30% of median)	\$22,550	\$25,700	\$28,900	\$32,100	\$34,700	\$37,250	\$39,850	\$42,400
Low (Section 8 very low income limits; 50% of median)	\$37,450	\$42,800	\$48,150	\$53,500	\$57,800	\$62,100	\$66,350	\$70,650

Moderate (Section 8 low income limits)	\$47,950	\$54,800	\$61,650	\$68,500	\$74,000	\$79,500	\$84,950	\$90,450
Flexible Homeownership Assistance Program Limits Only (Mathematical 80% AMI)¹	\$59,920	\$68,480	\$77,040	\$85,600	\$92,448	\$99,296	106,144	112,992
100% Area Median Income	\$74,900	\$85,600	\$96,300	\$107,000	\$115,560	\$124,120	\$132,680	\$141,240
*2014 Median Family Income, Washington, D.C. Metropolitan Statistical Area (MSA): \$107,000								

¹ HUD gave jurisdictions in the Washington Metropolitan area the option of increasing the eligibility limits for the CDBG and HOME programs from 80% of area median to the mathematical 80% of the median.

1.7 CPD Outcome Performance Measurement System

HUD requires an outcome performance measurement system for the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships Program (HOME), Emergency Solutions Grant (ESG), and the Housing Opportunities for Persons with AIDS (HOPWA) Program to help grantees better demonstrate program results at the national level, and inform their citizens and other stakeholders about the many positive outcomes of the investments made in their communities using federal, state, and local resources.

The performance measurements have been incorporated in the City FY 2015 Annual Action Plan and include both an objective category (Creating Suitable Living Environments, Providing Decent Affordable Housing, and Creating Economic Opportunities) and an outcome category (Accessibility/Availability, Affordability and Sustainability). See HUD Tables in Appendix II.

Grantees report the required performance measurement data to HUD through an Integrated Disbursement Information System (IDIS, HUD's web-based reporting system), as well as the annual Consolidated Annual Performance and Evaluation Report (CAPER).

Section 2

Housing Programs and Services to be undertaken during City FY 2015

The following sections describe housing-related programs and services for renters, homeowners, homebuyers, homeless persons and persons with special needs to be provided in the Alexandria community during the City FY 2015 Action Plan period; and provide an estimate of federal, state, local, and private resources expected to be available to support these activities during that time.

Leveraging of Federal Funds

There is no leveraging of federal funds to support programs for low- and moderate-income homebuyers during FY 2015.

Support for Applications by Other Entities

Applications for funding to support activities benefiting homebuyers are supported by the City if they promote Consolidated Plan goals and objectives for such households. Otherwise, Council approval is required.

2.4 The Homeless and Persons Threatened with Homelessness

The City of Alexandria Partnership to Prevent and End Homelessness, also known as The Partnership, is staffed by the Department of Community and Human Services and is made up of public and private homeless services providers, advocates and community representatives. The Partnership ensures the planning, coordination and implementation of an effective and efficient system-wide response to homelessness within the City of Alexandria. The Partnership broadens the opportunities for linkages with mainstream housing, services and resources; develops the long-term strategic plan; and manages the continuous effort to address identified needs of persons experiencing homelessness and persons who are at risk of being homeless.

The Partnership prepares and submits to HUD the annual McKinney-Vento Homeless Assistance Act Supportive Housing Program (SHP) competitive grant application, which identifies the priority of homeless services needs in the City. In addition, The Partnership informs the community of funding opportunities, facilitates collaborative efforts to maximize resources, monitors and certifies the Continuum of Care (CoC) membership, and acts as the lead for agencies submitting Emergency Solutions Grant (ESG) and/or Homeless Solutions Grant (HSG) applications to the state.

The Partnership is also responsible for conducting the Point-In-Time Count of persons experiencing homelessness in the City of Alexandria, and since 2009, it has collected this data through the Homeless Management Information System (HMIS) as well as manual surveys completed by staff of homeless services programs (i.e., emergency shelters, transitional housing, safe haven, and programs serving homeless persons with special needs). A manual count of the “unsheltered” homeless persons who sleep outdoors or in other places not meant for human habitation (e.g., on benches, under bridges, etc.) is conducted with the leadership of the Homeless Services/PATH Coordinator and a team of volunteers, including clinicians, police officers, sheriff’s deputies and other City staff and community citizens.

The Point-in-Time Count, conducted annually across the nation, provides a one-night snapshot of unduplicated sheltered and unsheltered individuals and families experiencing homelessness as defined by HUD. Keeping with HUD’s guidance to conduct the count within the last 10 days of January, the Metropolitan Washington Council of Governments Homeless Services Planning and Coordinating Committee (MWCOG) designates the last Wednesday of January for the Washington Metropolitan region.

The 2014 PIT count data was not available during the writing of the Draft FY 2015 Action Plan. The chart below shows the demographic and sub-population comparisons between the 2012 and 2013 counts. The Partnership completed the City’s FY 2013 gaps analysis utilizing data captured in the Point-In-Time count of homeless persons conducted throughout the Washington metropolitan area on January 30, 2013. The 2013 count conducted for the night of January 30 identified a total of 289 persons (single adults and persons in families with minor children) experiencing homelessness.

2012-2013 WINTER POINT-IN-TIME (PIT) COUNT DEMOGRAPHIC & SUB-POPULATION COMPARISON CHART

The January 25, 2012 count identified 352 persons experiencing homelessness. The January 30, 2013 count identified 275† persons experiencing homelessness. Provided below is the demographic and sub-population breakdown.

Continuum of Care Collaborative Application

In early 2014, the Virginia Department of Housing and Community Development will issue a Continuum of Care collaborative application combining the Emergency Solutions Grant (ESG), Homeless Solutions Grant (HSG), and the Homeless Prevention Program (HPP) grant funding opportunities. It is anticipated that the grant term will be for two years, from July 1, 2014 – June 30, 2016. The goals are to prevent homelessness, reduce the length of time of homelessness, and reduce the incidence of re-entering homelessness. The City and its non-profit partners will apply for the collaborative application in April 2014. The expected components covered by the application are homeless prevention, shelter operations and rapid rehousing

During City FY 2015, the Alexandria Commission on Persons with Disabilities will continue its work with developers and the City's Department of Code Administration to ensure that new units meet the federal Fair Housing requirements, and to encourage landlords to make existing housing units accessible to persons with disabilities. The Office of Housing's Fair Housing Testing Program, which includes testing for housing discrimination against persons with disabilities (and other types of discrimination), will also continue. More information on the Fair Housing Testing Program is provided in Section 4.4.

Low-and moderate-income homeowner households with a disabled member may qualify to utilize the City's Home Rehabilitation Loan program to install modifications necessary to accommodate a physical disability or mobility impairment. It is estimated that two households served through this program during City FY 2015 will include a person with a disability. For more information, see Section 2.2.

The City's Real Property Tax Relief, Rent Relief Programs, discussed in Section 2.5, are available to income-eligible persons with disabilities. The City estimates that 76 non-elderly disabled persons will benefit from the Real Property Tax Relief Program and 41 non-elderly disabled persons from the Rent Relief Program. Rebuilding Together Alexandria (RTA) will also serve low-income disabled homeowners through rehabilitation and energy

improvement initiatives, which are also discussed in Section 2.1. The City's Real Property Tax Relief Program for Veterans with 100% Service - Connected Disability is discussed in Section 2.5. The City estimates that 19 non-elderly veterans will benefit from this program.

An additional resource for persons with disabilities living in the City is offered by the Joblink Division of the City's Department of Community and Human Services. This employment services program maintains a full-time Employment Specialist trained to assist persons with disabilities, and an Employment Resource Room is fully accessible and provides a wide variety of adaptive equipment and assistive technology. The Department of Human Rights employs a full-time Disability Resources Coordinator who is responsible for facilitating access to all City services by persons with disabilities and serves as a resource and advocate for City residents with disabilities.

Leveraging of Federal Funds

Support for Applications by Other Entities

The City would support applications by other entities for funding to maintain existing levels of housing assistance to persons with physical disabilities, as well as to implement new initiatives specifically identified in the Consolidated Plan and/or Action Plans, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan or Action Plan would require City Council approval.

2.7 Persons with Mental Illnesses, Intellectual Disabilities and/or Substance Use Disorders

The City's primary strategy for assisting persons with mental illness, intellectual disabilities, and/or substance use disorders is to provide supportive housing opportunities, case management, and supportive services through the Alexandria Community Services Board (ACSB) and the City's Department of Community and Human Services (DCHS). ACSB is responsible for providing and advocating for supportive services for City residents with mental illness, intellectual disabilities and/or substance use disorders. Services are managed by ACSB and Sheltered Homes of Alexandria, Inc. (SHA), a private non-profit organization that owns and maintains many of the residential facilities that serve ACSB clients. The affordable housing needs of these individuals are met through a combination of efforts by the private market, ARHA, the Office of Housing, Alexandria Community Shelter, Carpenter's Shelter, Arlington-Alexandria Coalition for the Homeless, and other agencies, in partnership with ACSB.

Projected Funding for City FY 2015 (By Source): TOTAL - \$8,011,378 [Federal Substance Abuse Block Grant money for the Treatment of Alcohol and/or Drug-addicted Women - \$50,929; City General Fund - \$5,359,133; State - \$447,624; Client fees - \$2,153,692]

Service Objective: 132 beds available in 42 housing units

Performance Measurement: Objective: Decent Affordable Housing; Outcome: Availability/Accessibility, Affordability

***Note:** In order to respond to the changing needs of a growing number of clients with both mental illness and substance dependence, DCHS provides integrated services. Emergency services and outpatient mental health and drug abuse treatment are provided by the Clinical and Emergency Services division, while psychosocial rehabilitation, vocational services, case management and residential services are provided by the Community Support Services division.*

Leveraging of Federal Funds

Federal funds used to assist persons with mental health, intellectual disabilities and/or substance use disorders will leverage an estimated \$8.4 million in state, local, and private funds. Operating funds of \$294,737 consisting of federal SHP Permanent Housing monies will be matched with \$460,097 in ACSB funds (inclusive of local funds and fees).

Support for Applications by Other Entities

The City government would support applications by other entities for funding to continue housing programs for persons with mental illness, intellectual disabilities and/or substance use disorders at existing levels of service, as well as to implement new initiatives specifically identified in the Consolidated Plan, Action Plans and/or the Alexandria Community Services Board (CSB) Five-Year Housing Plan, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan, Action Plans or CSB Five-Year Housing Plan would require City Council approval. Organizations and agencies are encouraged to come forward with their plans for City Council review and approval as far as possible in advance of application due dates.

2.8 Persons Living With or Affected by HIV/AIDS

The City endeavors to address the housing and supportive services needs of persons living with HIV/AIDS and their families through the City's Health Department, the City's Department of Community and Human Services (DCHS), Alexandria Neighborhood Health Services, Inc. (ANHSI), the INOVA Juniper Program, Northern Virginia Family Services, and other public and non-profit organizations.

The federal Housing Opportunities for Persons with AIDS (HOPWA) program represents a major source of funding for this purpose. HOPWA funds are awarded to the Washington, D.C. metropolitan area as a whole through the District of Columbia's Administration for HIV/AIDS, which has been designated by the Department of Housing and Urban Development (HUD) as the entity that must apply for and receive HOPWA grant funds for the region. In Northern Virginia, these funds are managed and distributed by the Northern Virginia Regional Commission (NVRC) and are made available to persons living with HIV/AIDS in the following categories of assistance: short-term housing assistance; group home operation support and technical assistance; and long-term rental assistance. All planned FY 2015 services are provided on a regional basis.

Individuals in the City with HIV/AIDS who do not have housing are referred to Carpenter’s Shelter and the Alexandria Community Shelter. Other agencies/organizations that provide Case Management, Primary Medical Care and/or other supportive services for Alexandria City residents include: K.I. Services, INOVA Juniper Program, and Wholistic Family Agape Ministries Institute (WFAMI). City residents living with HIV/AIDS may be eligible for general mental health and substance abuse services offered by DCHS, including outreach, psychiatric evaluation and medication monitoring, case management, residential treatment, social detoxification, day support, neuropsychological testing and individual and group counseling.

Leveraging of Federal Funds

Ryan White CARE Act monies used by the Alexandria Neighborhood Health Services, Inc. (ANHSI) will leverage local monies.

Support for Applications by Other Entities

The City would support applications by other entities for funding to continue housing programs for the persons with HIV/AIDS at existing levels of service, as well as to implement any new initiatives specifically identified in the Consolidated Plan and/or Action Plans, subject to City Council approval of specific locations for any new facilities. Applications to increase service levels or to add new services not addressed in the Consolidated Plan and/or Action Plan would require City Council approval. Organizations and agencies are encouraged to come forward with their plans for City Council review and approval as far as possible in advance of application due dates.

Section 3

Non-Housing Community Development Programs and Services

The following sections provide information on City community development programs and services proposed for City FY 2015 (including economic development activities and actions to reduce poverty), which will serve low-and moderate-income persons, other target groups addressed in this document or persons in low-income areas.

3.1 Public Service Needs

City FY 2015 Programs and Services for Public Service
Employment and Training

Youth Employment Program, which will endeavor to place 120 youth in public and private non-profit work sites during the summer and 153 youth in unsubsidized employment and job readiness activities; and a federally funded WIA effort focusing on employment readiness for 10 hard-to-serve youth receiving year-round services.</p> <p>Projected Funding for City FY 2015 (By Source): Total \$3,512,682 [Federal - \$1,283,361; State - \$433,849; Donations - \$25,000; Local/General Funds - \$1,770,472]</p> <p>Service Objective: Persons – 1,100</p> <p>Performance Measurement: Objective: Creating Economic Opportunities; Outcome: Sustainability</p>

3.2 Economic Development

City FY 2015 Programs and Services for Economic Development

Program/Activity: **Microenterprise Loan Program**

Responsible Entity(ies): ECDC Enterprise Development Group

Consolidated Plan Target Group or Area: Small businesses owned by low-and moderate income, minority and women entrepreneurs located in underserved areas.

Program/Activity Description: Provides loans to small businesses in the City of Alexandria that do not yet qualify for conventional loans.

Projected Funding for City FY 2015 (By Source): No new City expenditures are anticipated for this program, but a City allocation of CDBG funds made in a prior year continues to support the program through a loan loss reserve.

Service Objective: Loans completed to small businesses and owned by low- and moderate- persons – 130; Jobs Created - 100; Jobs Retained – 65

Performance Measurement: Objective: Creating Economic Opportunity; Outcome: Sustainability

Program/Activity: **Revitalization of Mt. Vernon and Northern Rt. 1 Corridor**

Responsible Entity(ies): Alexandria Economic Development Partnership (AEDP) and City of Alexandria

Consolidated Plan Target Group or Area: Currently Mt. Vernon Ave, and Northern Route 1 (within Potomac West Neighborhood Strategy Area)

Program/Activity Description: Encourages revitalization to provide employment and commercial opportunities. While a long-range plan for the redevelopment of several sites in this area has been adopted, full buildout of the long-range plan is not immediately expected due to market conditions. The City and AEDP will develop a strategy to help stabilize existing businesses and continue collaborating with businesses in the Arlandria Neighborhood, which is in the Potomac West Small Area, to develop a strategy for improving business activity and the business climate along the Mount Vernon Avenue corridor. The City will continue to support the development community to transform underused properties to their highest and best uses, pursue the completion of park expansion efforts, provide recreational and cultural activities in the new community building, support transportation and pedestrian improvements, and collaborate with a citizen stakeholder group to implement recommendations of a 2003 neighborhood plan. These activities will contribute to strengthen the business environment in a manner that will be in concert with the community's long-term vision, improve livability for local residents, and will help in the marketability of the area.

Projected Funding for City FY2015 By Source): Capital Improvement Program - \$15,000

Service Objective: Complete street analysis of Mount Vernon Avenue in Arlandria (S. Glebe to W. Glebe)

Performance Measurement: Objective: Suitable Living Environment, Creating Economic Opportunity; Outcome: Sustainability

The City also provides training and services to enable low-income Alexandrians obtain jobs. (see “Employment and Training” in Section 3.1.)

3.3 Other Community Development Activities

Other City FY 2015 Community Development Activities

Program/Activity: **Spot Blight Abatement**

Responsible Entity(ies): Department of Code Administration

Consolidated Plan Target Group or Low-Income Area: Citywide, including block groups with highest percentage of low/moderate income households

Program/Activity Description: Includes continued monitoring of properties throughout the City for compliance with building, fire and maintenance codes; and continued implementation of the Spot Blight Abatement program through which the City works with property owners to correct conditions that have caused their properties to be deemed detrimental to the health, safety and welfare of the community or, if necessary, intervenes to abate the violations with associated costs placed as a lien against the property to be recouped from the sale of the property.

Projected Funding for City FY 2015 (By Source): The City's estimated cost to provide these services in the City target areas identified above is between \$60,934 and \$95,208 per year.

Service Objective: Monitor and abate code issues and blighting influences.

Performance Measurement: Objective: Suitable Living Environment; Outcome: Sustainability

Low- and moderate-income owner-occupants of residential units with code violations may qualify for assistance under the City's Home Rehabilitation Loan Program to implement historic preservation and/or energy efficiency improvements. (For more information on the Home Rehabilitation Loan Program, see Section 2.2.)

Section 4

Other Activities to be Undertaken

The following sections provide information on City community development programs and services proposed for City FY 2015 (including economic development activities and actions to reduce poverty), which will serve low- and moderate-income persons, other target groups addressed in this document or persons in low-income areas. This section describes actions to be taken, as required by the Consolidated Plan and Action Plan regulations, to address issues of particular concern to HUD. These include barriers to affordable housing, the effects of lead-based paint, coordination between public and private agencies providing housing and human services, efforts to reduce poverty, and others.

4.1 Actions to Address Obstacles to Meeting Underserved Needs

The primary obstacle faced by the City in addressing the housing and community development needs of lower-income households and persons with special needs is the limited availability of needed resources to provide affordable rental housing units. The recently City Council-approved Housing Master Plan (HMP) data projections show that by 2030, demand for housing units priced for households at or below 60% AMI will exceed supply by more than 7,000 units. Under the HMP, the City has established a target of providing, preserving, or assisting 2,000 affordable units from FY 2014 through FY 2025 through the implementation of goals, strategies, and tools as contained in the HMP. These goals, strategies, and tools are in accordance with the City Council Strategic Plan, Goal 7, strategic initiatives: provide increased housing choices for low and moderate income households of three or more persons, by 2015, and offer a diversity of housing choices for households and individuals covering the entire range from 0 to 50% of median, with special attention to households with extremely low-incomes (30% of median and below), including households with special needs, by 2015. The City will also continue to identify possible resources to assist in preserving and expanding the supply of affordable housing for lower-income households and persons with special needs.

4.2 Actions to Foster and Maintain Affordable Housing

For rental housing, the City's primary goal is to preserve the existing supply of public housing and replacement units covered by Resolution 830 (Sec. 4.2.2). In addition, subject to available resources, the City seeks to preserve the supply of other assisted rental housing, and to preserve and expand the supply of affordable private market rental housing. Affordable rental housing is generally defined as having rent levels that do not exceed those used for Low Income Housing Tax Credits (LIHTC) Program purposes, which are affordable to households at 60% of the area median income paying no more than 30% of their income for rent. With regard to homeownership, the primary goal is to provide homeownership opportunities for households with incomes between 60% of the median income for the area (as of December 18, 2013, \$64,200 for a household of four) and the City-established maximum income limit (currently \$85,600 for a family of four).

4.2.1 Housing Master Plan

On December 14, 2013, City Council approved the City's first Housing Master Plan, which includes six guiding principles:

Principle 1	All Income Levels - Alexandria's housing stock should include a variety of housing options for households of all incomes
Principle 2	All Ages and Abilities - Alexandria's housing stock should be expanded to offer greater housing choice to people of all ages and all abilities
Principle 3	Partnerships - Partners are key to achieving measurable improvement in the affordable housing stock in Alexandria. The City can better leverage resources by being an active advocate and partner with ARHA, nonprofit and for profit developers.
Principle 4	Location-Efficient Affordable Housing - Access to transportation and services should be a key factor in the future distribution and allocation of affordable housing in the city.
Principle 5	Mixed-Income Communities - Mixed-income communities are the optimal way of maintaining social and cultural diversity through increased opportunities for interaction rather than isolation or polarization.
Principle 6	Economic Sustainability - Affordable housing is an important element of a health and growing economy.

These six guiding principles are supported by a number of goals, strategies, and tools which can be found at alexandriava.gov/HousingPlan. The HMP is also in accordance with the City Council Strategic Plan, Goal #7, Objective #1, to promote a continuum of affordable housing opportunities for all residents, especially those most in need. The City has established a target of providing, preserving, or assisting 2,000 units from FY 2014 through FY 2025 through the implementation of the goals, strategies and tools, as specified in the HMP.

4.2.2 Resolution 830

The City continues to place a high priority on the preservation of its existing assisted rental housing stock. Pursuant to Resolution 830, the City and ARHA have a joint commitment to preserve and maintain, at a minimum, 1,150 publicly assisted housing units.² This Resolution assures that none of the 1,150 public housing units in existence when the Resolution was adopted in 1982 will be lost without one-for-one replacement. Planned FY 2015 activities in furtherance of Resolution 830 are summarized below:

Disposition and Redevelopment of ARHA Properties. ARHA, in partnership with Virginia Housing Development LLC (VHDL), will begin a Request for Proposals (RFP) for the disposition and redevelopment of seven ARHA properties. The disposition and redevelopment of these properties are part of ARHA's 2012-2022 Strategic Plan approved by its Board of Commissioners in April 2013.

Old Town Commons (James Bland). ARHA and its development partner, EYA, are well along in the process of completing the redevelopment of ARHA's James Bland (148 units) and Bland Addition (46 units) public housing site, pursuant to an FY 2009 City Council approval. The redevelopment plan calls for a denser, mixed income community with public housing units being funded with low-income housing tax credits and proceeds from the sale of the land for the market rate townhomes being developed and sold by EYA.

Construction of Blocks D and F are anticipated to be completed in FY 2015. Blocks D and F were combined as the final phase of the redevelopment plan. The Blocks were awarded tax credits by VHDA in the spring of 2012 and consists of 54 ARHA units, 32 market rate condominiums, and 62 market rate townhomes. When this final phase is completed, all 134 of the Old Town Common units will have been developed on-site.

² The Resolution 830 commitment is to maintain 1,150 available units; however, at any given time, units may be vacant for unit turnover, pending, ongoing relocation or redevelopment.

4.2.3 Housing Trust Fund Contributions

The City's Housing Trust Fund (HTF), which consists primarily of developer contributions paid at project completion, supports a variety of affordable housing activities. Currently, there are approximately \$25 million in contributions pledged through the development process. These funds are expected to be received in future years as projects are delivered. During City FY 2015 \$850,000 in Housing Trust Fund monies is projected to be received from developers for projects completed during the year.

Voluntary Contribution Formula <i>(Rates approved in 2012 by Housing Contribution Work Group and received by City Council in 2013)</i>	
Development Category	2014 Rates
Non Residential	\$1.85 per square foot of gfa
Residential Tier 1 Density, floor area ratio (FAR), height at base level permitted by Zoning Code/Master Plan)	Voluntary contributions: Residential: \$2.47 per square foot of permitted gfa
Residential Tier 2 (density, FAR, or height increase allowed with Special Use Permit)	Voluntary contribution of Tier 1 amount plus \$4.94 per additional square foot of gfa made possible by SUP
Residential Tier 3 (bonus density, FAR or height)	Voluntary contributions of Tier 1 and Tier 2 amounts (if applicable) plus a minimum 1/3 of additional units made possible by bonus provisions of Zoning Ordinance. Zoning Ordinance allows affordable units to be placed off-site or for the applicant to provide a cash in-lieu of payment if agreed upon by all parties.

4.2.4 Affordable Units Pledged by Developers

In accordance with established City policies and practices, new housing developers provide affordable set-aside sales or rental units to income-eligible households, either on a mandatory (pursuant to Zoning Ordinance when bonus density or height are involved) or voluntary basis. A total of 131 rental units have been pledged but are not yet under construction. A total of 30 rental units are currently under construction and are projected to be completed in FY 2015.

4.2.5 Affordable Housing Development/Preservation

The City continues to explore opportunities to preserve existing affordable rental housing through loans and other incentives.

Affordable Housing Initiatives Account and General Obligation Bonds. The City of Alexandria dedicates a portion of the real property tax rate to support affordable housing activities and also issues general obligation bonds for affordable housing, with debt service on the bonds to be paid from the dedicated real property tax. For FY 2015, 0.6 cents of the real property tax rate (an estimated \$1.8 million) is dedicated to affordable housing, with \$1,391,625 of this amount to be used for debt service on \$16.5 million in previously-issued bonds. The remaining of \$459,445 will be available to fund an affordable housing project.

Housing Opportunities Fund. The Housing Opportunities Fund (HOF) promotes the development and preservation of affordable sales and rental housing units in the City. Since FY 2002, the HOF has been funded each year with a combined total ranging from \$0.6 to \$1 million dollars in HOME (including match), City General Fund and City Housing Trust Fund monies. Projects supported with HOME monies through the Housing Opportunities Fund will leverage funding from state, local and/or private resources. Any HOME funds utilized for Housing Opportunities Fund projects will be subject to all applicable federal requirements, including income limits, rent levels and recapture or resale provisions.

During City FY 2015, an estimated \$3.2M in Housing Opportunities Fund monies, comprised of \$333,979 in new HOME funds, \$464,000 in HOME Carryover, \$36,000 in HOME Program Income, \$253,149 in HOME Match, \$1,600,000 in Housing Trust Fund Carryover, and \$450,000 in new Housing Trust Fund are projected to be available to assist with feasibility studies, pre-development costs, land acquisition, new construction, rehabilitation, or other efforts to provide or preserve affordable housing.

Affordable Housing Project Status.

Lynhaven Substantial Rehabilitation. The Lynhaven Apartments, owned by Wesley Housing Development, consists of 28 units and will be undergoing substantial rehabilitation. In September of 2013, Alexandria City Council approved a loan consisting of federal HOME dollars along with matching local dollars for the substantial rehabilitation of the property. In addition to the City's loan, Wesley Housing will be using tax exempt bond financing along with 4% Low Income Housing Tax Credits to complete the renovation. All 28 units at the Lynhaven project will be preserved for households below 60% AMI with half reserved for households at or below 50% AMI. Construction is scheduled to begin in June 2014 and will take approximately one year to complete.

Jackson Crossing. During FY 2013, the City approved \$2.5 million in funding along with a city-owned parcel for the development of a 78-unit affordable housing property to be built by AHC Inc. at the corner of East Reed Avenue and Jefferson Davis Highway. A Development Special Use Permit was also approved by City Council, and Virginia

Housing Development Authority (VHDA) approved a tax application. The project has begun and is anticipated to be completed in FY 2015.

Arbelo and Longview Terrace Apartments. The Arbelo and Longview Terrace Apartments are garden style apartments in Alexandria, consisting of 74 units. The City provided Housing Opportunities Fund loans to RPJ Housing to acquire the properties in 2007 and 2009 to preserve the units as dedicated affordable housing. The properties were subsequently transferred to the Alexandria Housing Development Corporation (AHDC). AHDC has secured tax exempt bonds and 4% Low Income Housing Tax Credits for the renovation of all 74 units. Renovation of the units has started and is scheduled for completion in FY 2015.

Giant at Potomac Yard. The Giant at Potomac Yard mixed-use development, located at 2801 Main Line Boulevard, consists of 253 dwelling units and new 70,000 sq. ft. The City permitted the developer to use the bonus density provisions of the City's zoning code, which allowed for the inclusion of 12 dedicated affordable rental units within the project, including two 3 bedroom units. The project is currently under construction and is anticipated to be completed in FY 2015.

Potomac Yard Landby J. The project is located at 1800 Main Line Boulevard at the south end of Potomac Yard. The developer proposes to construct a mixed-use development containing 183 dwelling units and approximately 2,500 sq. ft. of ground floor retail. The project includes 8 affordable set aside units, including three 3-bedroom units. The project is currently under construction and is anticipated to be completed during FY 2015.

Braddock Metro Place. The Braddock Metro Place is located at 1261 Madison Street directly adjacent to the Braddock Road Metro Station. The project is currently under construction and is anticipated to be completed in FY 2015. After completion, the project will consist of 165 residential units, which 10 will be affordable to households at 60 percent of the area median income (AMI).

Beauregard. The City approved the rezoning for the parcels within the Beauregard Plan Area in April 2013. It is anticipated that the first Development Special Use Permits (DSUP) may be approved in the spring of 2014, paving the way for demolition and new construction beginning in FY 2015. During this period, current Plan area residents will be surveyed to establish their preliminary status with regard to eligibility for committed affordable housing units. The final eligibility determinations for residents covered by the first approved DSUP may begin toward the end of the FY 2014. The Beauregard Fund will have a total of \$4M (\$2.4 in HTF and \$1.6M in Bonds) available to fund replacement housing for displaced households.

4.2.6 The Alexandria Housing Development Corporation

The non-profit housing Alexandria Housing Development Corporation (AHDC) was established to produce and preserve affordable housing in Alexandria. AHDC's portfolio consists of 183 units, including 64 affordable and workforce units at The Station at Potomac Yard (completed 2009), a residential police officer unit within ARHA's Glebe Park/Alexandria Crossing development, and 119 units acquired in 2011 at Arbelo, Longview Terrace and Lacy Court Apartments (ALL). During 2014, AHDC plans to refinance and substantially renovate the Arbelo and Longview Terrace apartment buildings using 4% low income housing tax credits, tax exempt bonds and VHDA financing. The scope includes approximately \$60,000 of rehabilitation items per unit.

AHDC has three staff, a full time Executive Director and a part time operations and outreach associate and a graduate student intern. Governed by a Board of Directors, all of whom are Alexandria residents with personal and/or professional expertise in various aspects of law, community development, and affordable housing development, finance and asset management, AHDC continues to work toward financial self-sufficiency through development fees and income from its portfolio. For FY2014, AHDC's proposed budget includes approximately

\$259,940 in City support. In addition to anticipated program income, AHDC has also begun building a development strategy that includes operating and capital grants from a variety of sources, Board member donations, participation in the annual United Way/CFC workforce giving campaigns and other fundraising.

4.3 Actions to Remove Barriers to Affordable Housing

State Restrictions. The City continues to work toward eliminating barriers to affordable housing development. One of the greatest regulatory barriers to the development of affordable housing may be State restrictions prohibiting the City from requiring mandatory contributions to affordable housing in new developments, except where they are in exchange for bonus density. Currently, with the exception of contributions in exchange for bonus density, all other contributions are voluntary. A new Developer Contribution Work Group was convened in FY 2011 to revisit the developer's contribution formula and recommend changes to provision of affordable housing in the event of bonus density. The Group's findings are incorporated into the final Housing Master Plan, which was approved by City Council in January 2014 and scheduled to be released to the public in the early spring of 2014. The Housing Master Plan identifies a number of tools and strategies and some are anticipated to be implemented during FY 2015, including establishing a development fee relief program, enhancing the Home Rehabilitation Loan Program, and maximizing public land for affordable housing.

4.4 Fair Housing Activities

Since 1988, the City has conducted ongoing fair housing testing to determine the presence of discrimination in the local housing market. The testing program uses paid testers posing as potential applicants to contact apartment complexes, real estate firms and mortgage lenders to test for discrimination based on race, familial or disability status, and sexual orientation. The Office of Housing files complaints with the Alexandria Human Rights Office when serious, repetitive problems occur. City staff meets with representatives of the entities tested to discuss less serious differences in treatment discovered during testing.

During City FY 2015, the Office of Housing will conduct fair housing testing for discrimination on one or more of the following bases prohibited by federal or state fair housing laws or the City's Human Rights Ordinance: race, age, marital status, color, national origin, familial status, disability sex, religion, ancestry and sexual orientation. The Office of Housing's budget for the Fair Housing Testing Program in City FY 2015 consists of \$20,960 in CDBG funds.

In City FY 2015, Office of Housing staff will coordinate and present public education programs to improve public awareness and promote compliance with fair housing laws. In addition to a regularly scheduled annual seminar, Office of Housing staff conducts on-site fair housing training for real estate and property management professionals. This training is provided as a free service to businesses operating in the City.

Finally, the City provides fair housing information to tenants and landlords through the free publication *The Alexandria Guide to Landlord-Tenant Laws and Policies*.

4.5 Actions to Evaluate and Reduce Lead-Based Paint

The City's Office of Housing ensures that applicable programs are operated in accordance with HUD's Title X regulations on lead-based paint. All Flexible Homeownership Assistance Program (FHAP) and Neighborhood Stabilization Program (NSP) purchasers receiving federally-funded home purchase loans are provided with a copy of the Environmental Protection Agency pamphlet "Protect Your Family from Lead in Your Home" and must receive a disclosure form from the seller noting any known presence of lead-based paint. Units identified for purchase

must be visually inspected for scaling, cracked, peeling or chipped paint by a certified risk assessor or Housing Uniform Physical Condition Standards (UPCS) inspector trained in visual assessment.

For federally-funded cases in which deteriorated paint surfaces are identified, the City requires that such surfaces be stabilized before the homebuyer moves into the home. Such work must be conducted using safe work practices, and clearance testing must be conducted to determine that the lead hazard activities are complete. Prior to loan closing, and within 15 calendar days of the completion of lead hazard reduction activities, the homebuyer must be notified of the results of the clearance examination in a detailed report.

Assessments are also conducted when painted surfaces are to be disturbed or replaced through the City's Home Rehabilitation Loan Program. All costs associated with soil analysis tests (which must be done by the state) and the abatement of lead-based paint hazards will be included as part of the client's rehabilitation loan. For this program, the level of assistance being provided determines the actions that need to be taken to meet the requirements of the Title X regulations.

All testing and risk assessments, as well as clearance of any identified lead hazards, are performed by a certified lead-based paint inspector and a certified risk assessor to determine if rehabilitated units are safe for future occupants. At all times during rehabilitation, the City ensures that interim controls and standard treatment practices are followed. These include addressing friction and impact surfaces, creating smooth and cleanable surfaces, encapsulation, removing or covering lead-based paint components, and paint stabilization. The City also follows regulatory requirements regarding abatement and permanently removes lead-based paint hazards, often through paint and component removal and enclosure. In addressing these hazards, the City follows safe work practices for all work to be completed on lead-based paint surfaces.

All initial meetings with the loan applicant and the architect include a discussion of lead-based paint requirements that may result in additional rehabilitation work and/or costs that were not anticipated by the client. If necessary to cover the cost of lead abatement activities, the program's loan limits can be exceeded, and the loan-to-value ratio can go as high as 110% of the home's value.

The Health Department will continue its lead-screening program for children during City FY 2015 at a projected cost of \$6,200 (not including follow-up or case management). An estimated 200 tests will be conducted to determine if the lead level of Alexandria children is above acceptable levels. Children with screening (capillary) levels above 10 µg/dl will have venous blood tested for lead levels. For children determined to have venous blood lead levels above 15 µg/dl, the Health Department will conduct environmental tests using its lead-based paint analyzer on suspect buildings in the City where these children live or play. Children with marked elevations will receive case management for necessary treatment and follow-up.

4.6 Actions to Reduce the Number of Poverty Level Families

The City's strategy regarding assistance to households with incomes below the federal poverty line is generally to support those programs, within available funds, that will help reduce the number of these households by improving their economic status through education, job training and job placement, and other support services. Many of the supportive housing and services for the extremely low- and low-income previously described in this Plan, especially those for homeless and at-risk persons, coincide with this strategy. As noted below, many of the City programs and services are offered in coordination with other public, private and non-profit organizations.

4.7 Developing Institutional Structure

The organizational structure for carrying out the City of Alexandria’s affordable and supportive housing strategy is well developed and involves a variety of public and private entities. This established structure is very effective in implementing activities and programs to meet community needs. The City, public agencies such as ARHA, and the network of private provider agencies which offer housing and/or supportive services in collaboration with public agencies actively pursue opportunities to provide additional resources for particular steps on the continuum of care services.

The Department of Community and Human Services (DCHS). DCHS provides essential safety net services that improve or maintain the quality of life for Alexandrians, including social services and public benefits assistance, and mental health, intellectual disability and substance abuse services. In 2013, DCHS developed a two-year strategic plan comprised of goals, objectives, and initiatives. Under the strategic plan, DCHS promotes affordable housing and improves services to homeless Alexandrians by partnering and advocating with Alexandria Redevelopment and Housing Authority (ARHA), Alexandria Housing Development Corporation (AHDC), the Virginia Department of Behavioral Health and Development Services (DBHDS) and other housing organizations, community partners, and stakeholders to advocate for more affordable housing opportunities and funding for housing options. DCHS plans to continue to implement its strategic plan in FY 2015.

4.8 Coordination Between Public and Private Housing and Social Service Agencies

Office of Housing staff will continue to work in cooperation with staff from the City’s Department of Community and Human Services, and non-profit organizations to address affordable housing and supportive housing needs of the homeless and other persons with special needs.

Partnership to Prevent and End Homelessness. The Continuum of Care group, which is the City’s Partnership to Prevent and End Homelessness, also known as The Partnership, consists of public and private homeless service providers, philanthropic organizations and other interested groups, that work together to implement the Strategic Plan to Prevent and End Homelessness in the City of Alexandria. The Partnership ensures the planning, coordination and implementation of an effective and efficient system-wide response to homelessness within the City of Alexandria; coordinates funding for efforts to rapidly rehouse homeless individuals and families; promotes access to mainstream resources; optimizes self-sufficiency among persons experiencing homelessness; and analyzes community performance by data collection measurement.

The Alexandria Council of Human Service Organizations (ACHSO) is formed to improve human services through cross sector collaboration to benefit the entire Alexandria community, resulting in an innovative and integrated human services model. ACHSO provides networking opportunities through quarterly meetings and committees. Members work closely with colleagues from other sectors and fields of interests, creating opportunities for meaningful collaboration. Quarterly meetings also offer professional development through training and in-depth education programs. A membership directory can be found on ACHSO’s Web site at www.alexandriava.gov/ACHSO.

The Alexandria Redevelopment and Housing Authority (ARHA) and City agencies frequently, and informally, coordinate their efforts to serve public housing residents. In addition, the Family Self-Sufficiency Coordinating Group, with representatives from ARHA, City agencies, and community members, coordinates service delivery efforts. ARHA. The Office of Housing continues to provide support to ARHA’s redevelopment effort.

The Office of Housing also works with agencies such as the Federal Home Loan Bank to stay abreast of new homeownership funding programs and underwriting requirements that would benefit households of various income levels. Ongoing Foreclosure Prevention Clinics have been sponsored by the Office of Housing and Housing

Counseling Services, a HUD-approved housing counseling agency, to provide guidance and counseling to Alexandrians who may be facing foreclosure or who are simply having trouble balancing their monthly expenses. Participants are individually assessed and given the opportunity to schedule a default and delinquency counseling session immediately.

4.9 Fostering of Public Housing Improvements and Resident Initiatives

4.9.1 Public Housing Improvements

ARHA is continuing to invest Public Housing Capital funds to improve those Public Housing developments that are in need of capital improvements, based on the most current Physical Needs Assessment and the amount of funds granted by HUD to accomplish the necessary rehabilitation. Most of the funds are used in the substantial rehabilitation of vacant units and infrastructure improvement of existing buildings.

During FY 2015, the redevelopment project of James Bland will continue with the construction of Block D and Block F. (See Section 4.2.2.)

4.9.2 ARHA Resident Initiatives

ARHA established its Social Services Division in 1999 to implement structured programs emphasizing education, training, and employment intended to promote self-sufficiency for residents. To support these programs, ARHA seeks federal, state and private grant monies, usually in competition with other public housing authorities, local and state governments and non-profit organizations, as well as in-kind services from local government agencies, community groups, and faith-based organizations. During City FY 2015, ARHA will continue providing limited social services to its residents through the Ruby Tucker Learning (RTL) located in the Hopkins-Tancil Development; the Family Resource Learning Center (FRLC), temporarily located at Charles Houston Recreation Center, which provides a variety of educational, social, and cultural activities for public housing and Section 8 children of all ages; and Senior Services at the Ladrey High-Rise and Senior Outreach Programs, under which ARHA collaborates with City and private agencies to ensure timely delivery of services such as medical care, meals, clothing, financial management, and access to social services for elderly and disabled ARHA residents. Adult workshops for the FRLC are separately held at ARHA's Samuel Madden Homes, located at 1013 Montgomery Street. This interim arrangement will continue while the James Bland Redevelopment continues redevelopment. Efforts are being considered to find a permanent location for this center. General social services provided by City agencies are also available to ARHA residents. RTL and FRLC also operate as a Family and Community Engagement Center (FACE) in conjunction with the Alexandria City Public Schools (ACPS).

During City FY 2015, ARHA will continue to promote resident input on ARHA initiatives. It is expected that parents and volunteers from the neighborhood will continue to work closely with the Ruby Tucker Learning Center and the Family Resource Learning Center (FRLC). In addition, it is anticipated that the Residents' Advisory Board, which is comprised of public housing and Section 8 residents elected in an ARHA-wide election, will continue to contribute resident input on the Annual and Five-Year Public Housing Authority Agency Plans required by HUD, and that both the Alexandria Residents Association (ARA) and the Ladrey High-Rise Advisory Board (LHAB) will continue to work with ARHA to address resident needs.

City FY 2015 CDBG and HOME Budgets

Listing of Proposed City FY 2015 CDBG/HOME-Funded Projects

Application for City FY 2015 (Federal FY 2014) Community Development Block Grant and Home Investment Partnerships Program Fund

Appendix I includes the City's application for Federal Fiscal Year 2014 Community Development Block Grant (CDBG) and Home Investment Partnerships (HOME) Program funds. These funds will cover the City Fiscal Year 2015, from July 1, 2014 to June 30, 2015. For more than three decades, the City of Alexandria's highest community development, i.e., CDBG, priority has been to provide affordable housing opportunities for its low- and moderate-income citizens. Alexandria's 40th year CDBG and FFY 2014 HOME programs reflect the City's continued commitment to that objective.

From City FY 1976 through City FY 2015, the City has received approximately \$48,544,200 in CDBG funds and has utilized the vast majority of these funds to address housing needs. With the inception of the HOME Program, under which the City has received approximately \$15,574,867 from City FY 1993 through City FY 2015, the City has been able to address additional housing needs.

Together, the CDBG and HOME programs will continue the City's ongoing efforts to provide homeownership opportunities for low- and moderate-income homebuyers, housing rehabilitation assistance to income-eligible homeowners, and transitional housing assistance to homeless families, and otherwise address the housing needs of its low- and moderate- income citizens and neighborhoods. In addition, the City will continue its efforts to identify and eradicate illegal housing discrimination.

As shown in Tables B and C included in this section, the City's total estimated consolidated HUD allocation for Federal FY 2014 is \$1,111,144 including \$722,919 in CDBG funding and \$388,225 in HOME Program funding. The pages following Tables B and C, labeled "Listing of Proposed Projects," provide information on the proposed use of the CDBG and HOME funds, including a description of each proposed activity, funding sources, proposed accomplishments, information as to whether the activity will benefit the homeless or persons with HIV/AIDS, and the location of the activity. The CDBG-funded activities will include a local code number, the regulatory citation for eligible activities under the CDBG Program as well as the national objective citation (the national objective citation is not applicable to HOME Program-funded activities).

Following the Proposed Projects in this section are the CDBG and HOME certifications which are required as a condition of receiving funding under these programs.

Application for Federal Assistance SF-424***Applicant Federal Debt Delinquency Explanation**

The following should contain an explanation if the Applicant organization is delinquent of any Federal Debt.

Specific HOME Program Requirements

Other Forms of Investment

The Consolidated Plan requires that the City describe other forms of investment proposed for use of HOME Program funds that are not included in the HOME Program regulations. The regulations include the following eligible forms of assistance: equity investments; interest-bearing loans or advances; non-interest bearing loans for advances; interest subsidies; deferred payment loans; and grants. The City does not plan to utilize any other additional forms of investment that are not included in the HOME Program regulations.

Definition of Modest Housing for HOME-Assisted Ownership Units

To comply with the Home Program requirement that HOME-assisted ownership housing units qualify as affordable housing (i.e., that a unit's value does not exceed 95% of the median purchase price for single-family housing in the area), the City is required to define "modest housing" and describe the procedures to be used to determine that HOME-assisted ownership units fall within that definition.

As allowed by the HOME regulations for activities involving homeownership housing, the City will qualify a unit as modest housing for HOME purposes if the value of the unit falls within the Single Family Mortgage Limits under Section 203(b) of the National Housing Act (currently \$271,050 for a one-family home). When the HOME-funded activity involves homebuyer assistance, the City will utilize an appraisal to determine the property value of the assisted housing unit. When the activity involves rehabilitation of an owner-occupied housing unit, the City will generally utilize the property tax assessment to determine value. However, if the owner's equity is inadequate to secure the City's loan, the City may order an after-rehabilitation appraisal to establish whether or not the loan-to-value ratio will be acceptable upon completion of the rehabilitation.

Recapture Provisions

The City will provide home purchase assistance in the form of no interest, deferred payment, second trust loans up to the Flexible Homeownership Assistance Program's maximum loan limit (currently \$50,000). The sale of all HOME-assisted properties during the required affordability period will be governed by the recapture guidelines below which have been previously approved by HUD:

- i. The City's HOME-funded loan shall be repaid in full from the net proceeds of the sale of any HOME-assisted property. If the net proceeds are less than the full amount of the HOME subsidy, the borrower shall pay the net proceeds available to the City.
- ii. For sale of all HOME-assisted properties occurring in the first five years following HOME-assisted purchase, an anti-speculation surcharge will be assessed equal to 25 percent of the loan value in the first year and decreasing by 5 percent in each subsequent year. The applicable surcharge, in combination with the loan repayment, shall not exceed the net proceeds of the sale. The City reserves the right to waive the surcharge in cases where potential speculation is not a factor (e.g., limited equity cooperatives).
- iii. Funds repaid to the City from the sales of HOME-assisted properties shall be used to assist other first-time homebuyers.

CDBG and HOME Requirements

Monitoring of CDBG- and HOME-Funded Programs

To evaluate progress and to ensure compliance with CDBG and/or HOME requirements, as well as other federal guidelines, the City will conduct site visits with subrecipients to review program files and financial records.

Standards and Procedures that will be used to Monitor Activities and Ensure Long-term Compliance with Program Requirements

The City's Office of Housing will be the lead entity for ensuring that progress is made towards the goals and priorities established in the Action Plan. The performance measurement (for objectives and outcomes measures) as reflected in the Executive Summary will be used as performance targets. The City will allow for ongoing tracking of activities and programs through regular reporting of current and planned activities.

The City's Office of Housing will also track progress through compilation of data and information that will be used for the Consolidated Annual Performance and Evaluation Report (CAPER). The CAPER will include information regarding the use of federal, state, local and private funds used to provide affordable housing, support services for low-to-moderate income families; resources expended; persons/households assisted; characteristics of persons or households, racial/ethnic characteristics, summary of achievements, and if applicable, the reasons for lack of progress in particular areas or programs.

The Office of Housing is responsible for seeing that CDBG- and HOME-funded programs and projects are administered in a manner consistent with program regulations. Most of the activities proposed for funding under the FY 2015 CDBG and HOME Program will be carried out by the City's Office of Housing or its Department of Community and Human Services. Any subrecipients who utilize CDBG or HOME funds will be subject to the requirements of a grant or loan agreement with the City, and will be required to submit reports to the City on a regular basis. Housing staff will also conduct on-site monitoring to determine if the subrecipients are in compliance with program requirements, and when appropriate, will notify subrecipients of any corrective actions that may be needed.

Affirmative Marketing of HOME Projects and Programs

The City relies on a variety of approaches to ensure affirmative marketing of HOME-funded (in full or in part) loan activities including the Flexible Homeownership Assistance Program (FHAP) and Home Rehabilitation Loan Program (HRLP).

FHAP is marketed primarily to Housing Choice Voucher holders and participants in the Alexandria Redevelopment and Housing Authority's Family Self-Sufficiency Program. Through the resale of Affordable Set-aside Sales Units, FHAP is marketed to potential homebuyers with incomes up to the area median income who live or work in the City of Alexandria. Outreach is conducted by distributing brochures at the Office of Housing, on the Office of Housing's website page within the City's website, the City's eNews email alert service, and at events such as new employee orientations and staff meetings. The City also provides information to potential Alexandrian homebuyers at the Northern Virginia Housing Opportunities Expo, held annually throughout Northern Virginia. This event showcases both regional and local homeownership and rental opportunities for low and moderate income households and will feature exhibitors and local government representatives throughout the Northern Virginia area who can provide information on various programs.

In publicizing the Northern Virginia Housing Opportunities Expo, letters will be sent to civic associations, religious institutions, and public and private employers. The Expo will also be publicized through a notice on the local cable access television station, on the City's website at alexandriava.gov and through newspaper advertisements. Participants in the Expo will be provided with a variety of information, in English and Spanish, on the homebuying process, affordable housing opportunities, and affordable financing.

To increase the participation of persons with physical and sensory disabilities in City homeownership programs, Northern Virginia Housing Opportunities Expo is being held in an accessible location. Brochures describing the Expo will include a statement that on-site assistance and special arrangements are available to individuals with disabilities with advance notice.

City staff coordinates with the Department of Community and Human Services staff to provide an overview of the City's homeownership and home modification programs and to request assistance in conducting outreach to the elderly population on the availability of these services. The City also regularly conducts home purchase education and community-wide and target outreach, which includes households with children, government and school employees and language minority populations, through attendance at English as a Second Language (ESL) classes and at community events such as the Department of Community and Human Services Multicultural Outreach Fair, the Arlandria National Night Out, and the Arlandria Community Hispanic Heritage Festival.

The City has also partnered with the Alexandria Redevelopment and Housing Authority (ARHA) and Shiloh Federal Credit Union to reach very low-income households currently residing in public housing or participating in the Section 8 Housing Choice Voucher program who are interested in pursuing homeownership. This partnership includes efforts to assist Section 8 voucher holders, those participating in an Individual Development Account (IDA) program, as well as in ARHA's Family Self-Sufficiency (FSS) program.

The Home Rehabilitation Loan Program (HRLP) is marketed through selected mailings of program brochures to households in census tracts in the City where sizeable numbers of eligible households are believed to reside. During FY 2014, an extensive mailing of program brochures was conducted to households throughout the City, as well as those who were eligible to participate in the Real Estate Tax Relief and Assistance Program for the Elderly and Persons with Disabilities. In addition, the City continues to conduct targeted marketing within neighborhoods where home rehabilitation projects are being implemented. Outreach to civic organizations and to agencies serving elderly and low-income City residents, as well as coordinated outreach with the City Departments of Code Enforcement and Planning and Zoning will continue.

Efforts to Utilize Minority- and Women-Owned Businesses

As part of the City's participation in the CDBG and HOME Programs, outreach efforts to recruit and hire minority- and women-owned businesses will include the following:

1. Involving the City's Purchasing Division in our efforts to attract minority contractors,
2. Recruiting minority contractors through referrals and recommendations from architects, and
3. Recruiting contractors who have expressed interest in bidding on CDBG- and HOME-funded projects.

As a result of ongoing efforts by the Office of Housing to recruit minority and women contractors, the City's Home Rehabilitation Loan Program contractor list is comprised of 21 contractors, 6 (29%) of whom are minorities males, including 2 (10%) Hispanic, 2 (10%) Asians, 1 African American (5%), and 1 (5%) Middle Eastern. This list will be used, where appropriate, in selecting contractors for HOME-funded activities.

The City has a policy, implemented by the City's Purchasing Agent, to increase opportunities for participation of small minority and women-owned firms in all aspects of procurement. Efforts made to implement the policy include education and outreach to inform potential firms of the City's procurement policies and developing solicitation lists that include qualified small and minority businesses. This written policy is included in the City's "Vendor Guide to Conducting Business with the City of Alexandria." The policy encompasses the Request for Proposal process used to obtain services needed to operate the City's housing programs, especially appraisal and legal services.

The Commonwealth of Virginia selects financial institutions throughout the state to process applications for below market, first trust financing for first-time homebuyers. The City works with agents of these institutions to obtain mortgage financing for participants in the Flexible Homeownership Assistance Program, which provide down payment, closing cost, and principal write-down assistance. The state seeks out minority-owned financial institutions where they are available, but they are not aware of any in the Northern Virginia area.

In addition, the City makes available the "Guide to Establishing a Small Business," which is published by the Alexandria Chamber of Commerce and the Small and Minority Business Task Force. The Guide is a business resource directory, which contains information on starting a business in Alexandria, City procurement procedures, business education resources, and on how to access City departments.

CDBG and HOME Program Certifications

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing: The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan: It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential anti-displacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME Programs.

Drug Free Workplace: It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about:
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will:
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted:

- (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through the implementation of paragraphs 1, 2, 3, 4, 5, and 6.

Anti-Lobbying: To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraphs 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction: The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with the Plan: The housing activities to be undertaken with CDBG, HOME, ESG and HOPWA funds are consistent with the strategic plan.

Section 3: It will comply with Section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation: It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan: Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 Part 570.)

Following a Plan: It is following a current Consolidated Plan that has been approved by HUD.

Use of Funds: It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities in which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health and welfare of the community, and other financial resources are not available;

2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2013, 2014 and 2015 (a period specified by the grantee consisting of one, two, or three specific consecutive federal program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate income (not low income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force: It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination Laws: The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint: Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R.

Compliance with Laws: It will comply with applicable laws.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance: If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs: It is using and will use HOME funds for eligible activities and costs, as described in 24 CFR 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in 92.214.

Appropriate Financial Assistance: Before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing.

APPENDIX TO CERTIFICATIONS
INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Office of Housing:

421 King Street, Suite 200
 Alexandria, Virginia 22314

Department of Community and Human Services:

2525 Mt. Vernon Avenue
 Alexandria, Virginia 22305

Check ☐ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are not on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

As part of the Consolidated Plan, HUD requires that priority levels be assigned to housing and homeless services activities and needs groups according to the following HUD definitions:

high priority - activities to address this need will be funded by the locality during the five- year Consolidated Plan period.

medium priority - if funds are available, activities to address this need may be funded by the locality during the five-year Consolidated Plan period. Also, the locality will take other actions to help other entities locate other sources of funds.

low priority - the locality will not fund activities to address this need during the five-year Consolidated Plan period; however, the locality will consider certifications of consistency for other entities' applications for federal assistance.

The priority levels assigned by the City in its FY 2011-2015 Consolidated Plan to the different housing and homeless services activities and needs groups are identified in the Consolidated Plan. These levels reflect the City's decision to assign a high priority level to those activities for which there existed a clear indication that funding would be allocated during the current five-year Consolidated Plan term. For activities where funding was uncertain due to fiscal constraints, dependence on competitive grant programs or other circumstances, a relative priority of medium or low was established based on the needs of the group to be served, and the likelihood of funding being provided by the City (as opposed to other entities).

It should be noted that these priority levels do not necessarily reflect the need level that may exist in the community as determined by the City's analysis of Census data, existing and projected market conditions, and public input.
